

Denis Périquet

Co-fondator & CEO of Tessares SA

Denis Périquet is one of the co-founder and the CEO of Tessares, an innovative Belgian spin off which makes the Internet works faster by combining several access networks into a single and bigger pipe.

Before founding Tessares in 2015, Denis had different roles from R&D engineer to senior management in various telecom companies (vendors and operators), including Alcatel, Nokia or VOO.
