

Mihai Sfintescu

Jury Member & Ambassador at European Innovation Council

Managing Director at Abilito Capital

Mihai Sfinescu is a start-up & scale-up investment enthusiast with 25 years of successful track-record in venture capital, private equity & investment banking (M&A). He has invested in numerous companies and helped them grow as Board Director.

Currently, Mihai Sfintescu supports the European start-up ecosystem as Jury Member and Ambassador of European Innovation Council as well as mentor in several start-up and scale-up programs. At the same time, Mihai acts as investor, and advisor on raising finance and business development for growth companies and private equity / venture capital portfolio management.

Until end 2015, Mihai led 3TS Catalyst Romania, a venture capital fund dedicated to Romania which made 10 successful tech investments. Between 2007 and 2015, Mihai Sfintescu was a Partner at 3TS Capital Partners, a leading CEE private equity & venture capital firm that has made investments such as Avangate, a global challenger in IT sector, and Regina Maria (then called Unirea Medical Centers), a local leader in healthcare.

Prior to 2007, Mihai was an investment banker specialized in mergers & acquisitions, both at his own firm Abilito Capital and as Director and Member of the Board of Directors of CA IB Romania (currently part of UniCredit Group). Mihai has participated in many transactions, including some over EUR 100 million, such as the acquisition by CEZ of Electrica Oltenia.

Mihai Sfintescu has an Executive MBA from the University of Washington (USA) and ASEBUSS Bucharest, and MS from the Polytechnic University of Bucharest.
